

As a K-LOVE listener in Virginia Beach, VA, I was told I might lose K-LOVE due to LPFMs. There are hundreds of thousands of K-LOVE listeners and we all NEED to have our positive and encouraging station when every other station available contains sexual comments, gross comments, bad language, and awful song lyrics when you least expect it. I need K-LOVE for my children. We need our current FM translator service. Please do not stop it from being in my life. K-LOVE is a huge part of my life, my friends and family's life. Thank you for listening.
